The stars at night are big and bright,
Deep in the heart of Texas.

Deep in the heart of Texas.

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,

The prairie sky is wide and high,
